

FUNDACJA POKONAJ RAKA

Gdynia 20.03.2013

Dear Mr.
Christian Testman
Chief Executive Officer
ICD Poland

In the name of the "Pokonaj Raka" Foundation and the members of Aconcagua Expedition 2013 I would like to sincerely thank you for your financial support of our project that took place from 30 January to 22 February 2013.

Members who climbed the highest peak in South America, Aconcagua (6962 m.) were the Amazonian like Malgorzata Kotewicz and Wojciech Samp, who overcame a battle with brain cancer. The opportunity to go on this trip, turned out to be a great symbol of the fact that you can fight a deadly disease; while, simultaneously, continuing to live a life full of passion.

So far we managed to organize an expedition to Mont Blanc in 2010, Kilimanjaro in 2012 and Aconcagua in 2013. In the front of us there is still an attempt to get the rest of the peaks that belong to the Seven Summits. By doing so we hope to realize the goals set forth in the "Szczyty życia" project.

The purpose of the "Pokonaj Raka" Foundation is substantive, organizational and psychological support for people with cancer and their loved ones. We want to show people with cancer that you can beat the disease and return to an active life.

The Goal of our joint venture has been reached, and your financial support was a priceless gesture for our cause in the fight against cancer.

Honorary Patron for the "Szczyty życia" project was Joanna Mucha, Minister of Sport and Tourism.

Yours sincerely
Katarzyna Gulczyńska
